#### Simms Lost His Head.

Instead of Using His Hard

Slugging Match.

Ohio's Champion Will Play In  
Akron.

Fitzsimmons Has Money In Sight—  
Local Sporting News.

The Chicago papers do not give Art Simms much credit for his victory of not supporting a minor step-daughter, continued to April 9.

Case against Allen S. Gift, accused over Freddie Green at Tattersall's Thursday night.

Commenting on the fight the Chicago Journal says:

"Art Simms will have to learn to use his head a little if he ever wants to be a champion. He was lucky to win over Dick Green last night, for he displayed the poorest generalship imaginable. Simms nearly put Green out with a right cross to the jaw in the first round, and when the local boy got up the slim Ohioan showed his lack of judgment by sailing in to slug with his dazed opponent like the veriest 'sucker.' If Simms had stuck to his clever left-hand jab Green would not have had a peek-in with him, but he insisted on trying with his right all the time. The result was that he threw himself open often when there was no reason for it, and the hard-hitting Calagocan knocked him groggy half a dozen times. Simms was lucky that he didn't go out. Both were cut and well marked up at the finish. It was a hot go, the decision going to Simms by a good margin. The Ohio boy was evidently not yet learned that a fighter who is clever and doesn't use his science deserves to get licked, and will surely get his trimmings sooner or later. Whenever a scientific fighter throws his cleverness aside and goes in to slug he places his opponent on an equal basis with himself. Green made a good showing. He is a game lad with a stiff punch and with more experience he will do against any of them."

**POOL EXHIBITION.**  
Monday evening, H. P. Stoff of Cleveland, champion pool player of Ohio, will begin a series of exhibition games in this city with Met Hard, Akron's well known pool expert.

The games will be played in the Howard st. billiard hall. The contest will continue four evenings, and Stoff will have a 100 ball handicap. The champion will be compelled to score 500 balls while Hard pockets 400, in order to win. The limit for the first evening will be Stoff, 125, Hard 100.

On Friday evening Mr. Stoff will play with John Rampanelli upon the

**EASY FOR JEFFRIES.**

Champion James J. Jeffries knocked out John Finnegan of Pittsburgh Friday night before the Cadillac Athletic club, of Detroit in 55 seconds. Finnegan landed the first blow as they came to the center of the ring, and Jeffries then put his left on the Pittsburgher's jaw and he went to the floor. Finnegan came up in a few seconds only to be sent to the floor again with a blow in the same place. He stayed down longer this time, and when he again rose he was in visible distress. He had hardly assumed a fighting position before Jeffries put his left in the pit of his stomach and Finnegan went down completely out.

**MATCHED WITH DUNKHORST.**  
Bob Fitzsimmons has been matched to meet Ed Dunkhorst of Cleveland in a limited round bout before the Hercules Athletic club, New York, April 30. The Cornishman intends to get in trim for Ruhlman by working out with big men and Dunkhorst is the first of the number. His next opponent will probably be Joe Choyinski, the Californian, whom he will meet before the Chicago club next month. Fitzsimmons' bout with Dunkhorst will be his first public appearance in New York since he lost the championship and he should prove a big drawing card. Fitzsimmons, having come to the conclusion that it is to his advantage to get all the money he can out of the fighting game before it ceases on Sept. 1, has decided to take on a few more third-rounders before he fights Gus Ruhlman on June 2.

### REPUBLICAN

Scores the Manager of  
the Beacon.

Holds Him Responsible For Monday's  
Slump.

Editor Daily Democrat:

I am going to do something I seldom do, to-wit: "write something for the papers."

The writer was greatly amused to read in last Wednesday's Beacon the reasons that all-powerful sheet gives for the result of the election last Monday. In Akron, namely: Lack of good leaders. And now, let me stop long enough to say that I have always been a Republican, am one now, and was voting for Grant and Colfax, when the great United that wrote the brilliant editorial in the Beacon was wearing dresses. But to get back to the subject, The G. O. P. may be scarce of leaders, but why? It was not so until a few years ago, but the rank and file of the Republican party are in open revolt against anything by the name of "Dobson"—and the fact that a Dobson is the controlling power in the recognized official paper of the Republican party in Akron and Summit County has driven many a good leader into a state of utter indifference; and elections are allowed to go on as they may happen to go—the best men of the party not caring to train in the "Dobson crowd."

The "Beacon" may deny the above, but let any disinterested party go about the streets, on the corners, in the stores or in the street cars, and they will hear complaints loud and deep against Dobson and his gang, and regret that the "powers that be" of the Beacon ever put a man with such a reputation in charge of its destinies, which is a thing the average Republican can not understand. I venture to say that if a new Republican daily, edited by brains, and managed by a good man in whom the people had confidence, were to start in Akron, "the great and only" Beacon would not survive three months.

Mr. Editor, I am using strong language, but "desperate cases need desperate remedies," and if even a long-suffering people need a remedy to get rid of the Dobsons, Akron surely needs it now. Dobson and his crew harp about the "Young Isbell gang," but the people evidently prefer them to the "Dobson gang." Why, Mr. Editor, the Republicans are satisfied that the abuse heaped upon Councilman Paul by the editor of the Beacon caused many a man to cast his vote for him, for while he and I, and a great many others, may not all think alike, politically, Mr. Paul is an honest man, and his word is good; moreover, he has been a citizen of Akron many years, and commands the respect of even his most bitter political opponents.

And now, finally, the rallying cry of the G. O. P. should be: "Dobson has got to go," for until then no one need expect any different results at the polls than were witnessed last Monday.

Very truly,

O. D. C.

A Life-Long Republican.

**WASHER'S SERVICES**

Were Appreciated by Portage County  
Commissioners—Allowed \$10.

Prisonkeeper John E. Washer, for detective services in the apprehension of the murderers of Merchant Goss, has been allowed \$10 by the Commissioners of Portage county.

Mr. Washer received the following letter Saturday morning:

"Ravenna, O., April 6, 1900.

"Mr. J. E. Washer, Akron, O.

"Dear Sir: Find enclosed check for

Health is a priceless jewel. Every body admits that. Yet the people who protect their gold by burglar alarms, and lock their diamonds in a steel vault, make not the least effort to protect the jewel they declare to be priceless. Some day they find the jewel is gone, stolen by thief, disease, and they are willing to give everything to get it back.

**STOLEN PRICELESS JEWEL. WILL GIVE EVERYTHING TO RECOVER IT**

The quickest and surest way to the recovery of lost health, is by the use of that radical and rational remedy, Dr. Pierce's Golden Medical Discovery. Diseases which originate in the stomach must be cured through the stomach. A host of chronic sufferers who had "doomed" for years for a diseased heart, liver or spleen, have at last used "Golden Medical Discovery" for the blood, stomach and organs of digestion and nutrition, and found a perfect cure of the hitherto incurable ailments. The most convincing argument for a trial of the "Golden Medical Discovery" is that it has cured so many people "given up" by the doctors.

There is no alcohol, cocaine, opium or other narcotic in "Golden Medical Discovery."

"I have long felt it my duty to acknowledge to you that your 'Golden Medical Discovery' has done for me," writes Miss Alice Hampton, of 105 East 4th st., Lexington, Ky. "I had intermittent fever for fever and ague one year before taking your medicine, and was pronounced incurable. Had a very bad cough. My arms and shoulders would ache and sometimes I would feel so numb I thought I was dying. I had also a bad case of womb trouble from which I suffered great pain. Had it not been for Dr. Pierce's medicine I know I would have been in my grave. I have taken three bottles of each of your medicines."

For stomach, bowels and liver, when disordered, use Dr. Pierce's Pleasant Pellets.

\$10, which was allowed you by the Commissioners, at my request, for services in relation to the Goss murder trial, and I regret that it is not more, but it will at least show you that we appreciate what you did for us in the matter.

"I trust sometime that I may be of service to you, and certainly shall be glad to help you in any way that I can."

"Truly yours,
